MY BST STORY

I was part of a freak wrestling accident and ended up being forced to re-learn many things. I spent multiple days wondering if I would ever be the same again. I started at PT barely walking, but with the help of Lisa and Lori I accomplished more than I thought I could. They made it very fun and made me look forward to going to PT. By the end of PT I was excelling in categories like jumping and grip strength. I'm so grateful that Lisa and Lori pushed me to become who I am now.
